

Ride Purpose 2020

With so many rides and events being canceled already this year this ride was created.

To remember those our community has lost and show support to those who are not able to be with the ones they love because of an accident that has left them disabled or deceased.

If you or a loved one has been affected by a Motorcycle Accident or

Motorcycle Fatality we encourage you to come ride with us.

Additionally the ride will travel past two locations to show support for veterans and for first responders in light of Covid 19. As well as locations of local government to highlight motorcycle injustice in Erie County.
